Company profile:

Welcome to “**DEV SS RAILING**” (An ISO 9001 : 2015 Certified Company) we are one of the leading manufacturer and Supplier Company in Stainless steel staircase railing, balcony railing, glass railing, SS gate, curved, spiral and all kind of SS fabrication work. We are well established from 2009 and we had delivered plenty of good and quality projects. We work for architects, engineers and builders in Bangalore and major cities in India.

Our products are manufactured using AISI 304/316 high graded stainless steel with mat & glossy finish. We also manufactures handrail with multiple combination of materials like steel, wood, acrylic and glass as per customer requirements.

We are empowered by a strong team of designers, artisans and experienced professionals for Stainless Steel Railings / Balustrade, Balusters, who possess mastery in designing masterpieces showcasing the highest level of human experts. Our designers work in close co-ordination with clients, in order to develop perfect solutions as per their exact requirement. We do customize as per customer requirement based on their budget. We do commercial, residential and Government projects.

Our objective is to build relationship with customer by providing quality work, commitments and with honesty.

Product Features: *Aesthetic look * Durable * High performance * Low maintenance * Rust free * Water proof *

We are available 24*7 so if you are looking for any answer of your question or need more information please feel free to reach out to our mobile number or our email id mentioned in brochure.

Important Note for Customer's

316 Grade :- Is Ideal Material for Places which are extremely polluted, salty or saline in nature - 10% Nickle and 2% Molybdenum is used for protecting steel from saline atmosphere.

Quality Check : The analysis usually takes 24 hours and required a small piece of the product - It is indicator of our confidence in our product and ensures peace of mind for our customers.

304 Grade :- Is 1.75 to 2 Times more expensive than S.S. 202 Grade Due to Presence of Nickle 7.50 to 8% in it __ no Maintenance, No Rusting Long Life.

Lower Grades Like 202 Looks Same, may give a lower cost in the beginning but will catch rust within a few months which will nullify your Entire Investment.

Grade and thickness required as per site

Name	304	316	202	Thickness			Mat Finishing	Mirror Finishing
